ON THE COVER: A woodcut likeness of the Emperor Commodus, based upon an ancient coin, from Jacobus de Strada, *Imperatorum romanorum omnium orientalium et occidentalium verissimae imagines ex antiquis numismatibus* (1559). From the Summerfield Collection, Spencer Research Library, University of Kansas.

American Studies offers a free subscription to the first reader (earliest postmark) who can explain a connection between a bust of Commodus and American Studies. We say “a connection” rather than “the connection” out of respect for the erudition of our clientele. We know of at least one connection: perhaps there are others. Results announced in a future MASA Bulletin.
