Weather Matters
An American Cultural History since 1900
Bernard Mergen
“The definitive weather book for decades to come. From weather humor to the politics of weather disaster with Katrina, from weather lore to weather prediction, from weather watchers to weather consumers, this book offers a truly comprehensive and invaluable history of weather’s enormous social and cultural impact.”—Marita Sturken, author of Desiring the Weather and Tourists of History
Mergen may know more about the cultural history of weather than anyone around and his latest book overflows with fascinating discussions.”—Gary Alan Fine, author of Authors of the Storm: Meteorologists and the Culture of Prediction
448 pages, 22 illustrations, Cloth $34.95
American Angels
Useful Spirits in the Material World
Peter Gardella

“Written in a sprightly style, with an eye to pop culture, this is the first study to describe the profoundly important role that angels play in the religious imagination. After reading Gardella’s persuasive exploration, you cannot help but conclude that our national emblem is not the bald eagle but rather the winged angel.”—Colleen McDannell, coauthor of Heaven: A History

iSpy
Surveillance and Power in the Interactive Era
Mark Andrejevic

“A vivid and compelling account of how interactivity appears to be enhancing our power yet in fact is increasing the power of others to watch over us and control us. . . .Will change the way you think about today’s new media technologies.”—Daniel J. Solove, author of The Digital Person: Technology and Privacy in the Information Age

Making San Francisco American
Cultural Frontiers in the Urban West, 1846–1906
Barbara Berglund

“Describing urban and social transformations from the Gold Rush to the 1906 earthquake, Berglund’s terrific cultural history of San Francisco provides a rich and decidedly non-triumphalist portrait of that West Coast city.”—Stephen Pitti, author of The Devil in Silicon Valley: Race, Mexican Americans, and Northern California

304 pages, 39 photographs, Cloth $34.95
Counterculture Green
The Whole Earth Catalog and American Environmentalism
Andrew G. Kirk
“Andy Kirk has given us a new genealogy of the environmental movement that explains how Stewart Brand and like minded members of the counter-culture invented human-scale ecological living. Vividly written and deeply researched, Counterculture Green tells a big story about how a group of technophile hippies helped to change the world.”—David Farber, author of The Age of Great Dreams: America in the 1960s
“A brilliant and entertaining account that is at once broad and deep, scholarly and accessible, serious and amusing. . . . A major work of environmental and cultural history as well as the history of ideas and technology.”—Ari Kelman, author of A River and Its City

320 pages, 40 illustrations, Cloth $34.95

Hip-Hop Revolution
The Culture and Politics of Rap
Jeffrey O. G. Ogbar
“Easily one of the most substantial and thoughtful works on the cultural politics of hip-hop. Original and analytically rigorous, it successfully balances an insider’s love of the culture with a scholar’s critical eye. Expect it to generate considerable attention.”—William Jelani Cobb, author of To the Break of Dawn: A Freestyle on the Hip-Hop Aesthetic
“What does it mean now to ‘keep it real’? Is hip-hop ripping society apart? Ogbar compellingly examines race, gender, authenticity, and this African American generation’s quest for true democracy and liberation.”—Jeff Chang, author of Can’t Stop Won’t Stop: A History of the Hip-Hop Generation

The Journal of Transatlantic Studies

New to Routledge in 2008

Editor: Alan P. Dobson
University of Dundee, UK

The Journal of Transatlantic Studies is multi- and inter-disciplinary, embracing:
- History, International Relations and Security Studies
- Literature and Culture
- Comparative Politics and Constitutionalism
- Economic and Business History, Planning, and the Environment
- Area Studies, Transmission of Ideas and Migration

Standard issues attempt to strike a balance between the disciplines, though History, IR and Security Studies articles tend to predominate. Themed issues are also published. In the past, these have been on the impact of 9/11, on the Anglo-American relationship and on NATO’s contemporary challenges. In the future, themed issues are planned on Canada and transatlantic relations, on perspectives from East and Central Europe from a literary and cultural perspective, and on the US Secretaries of State.

Nathaniel Philbrick

Mayflower

A STORY OF COURAGE, COMMUNITY, AND WAR

“Gripping...compelling...[Philbrick] seamlessly weaves into his tale much of the new understanding of native people, the environment, [and] the impact of disease.”
—The Boston Globe

“Judicious, fascinating...a surprise-filled account of what are supposed to be some of the best-known events in this country’s past.”
—The New York Times

“We like our history sanitized and theme-parked and self-congratulatory, not bloody and angry and unflattering. But if Mayflower achieves the wide readership it deserves, perhaps a few Americans will be moved to reconsider all that.”
—The Washington Post
