Patton, Jr., Through the Eyes of His Enemies*

The FBI's Obscene File **J. Edgar Hoover and the Bureau's Crusade against Smut**

Douglas M. Charles

"Originality. Not many scholars achieve it, but Charles impresses with this example of breakthrough research. His interpretive thrust, seeing the FBI as the creature of societal changes, personality, and politics, throws light on topics as diverse as the Lavender Scare of the 1950s and the neoconservative appeal to moralism in the recent presidency of George Bush. If you are at all interested in the deeper currents of American history, read this book."—Rhodri Jeffreys-Jones, author of
