Finally, a tremendous thanks to Holly Sienkiewicz for all her help with creating page layouts, PDF versions of the articles, and getting our email version together. Thank you to our web experts at Gray's Web Design (<http://www.grayswebdesign.com/>) for the journal infrastructure. Thank you also to Dr Fabricio Balcazar and SCRA for being the financial managers of this effort, and for keeping our books straight!

We very much look forward to Volume 2 and all the issues we will publish in the future.
