**MULTITAPE®  
HIGH SPEED  
TAPE  
DUPLICATORS**

U. S. PATENT NO. 3177299

... make high fidelity copies of your master tapes quickly, easily and economically. MULTITAPE models are available to produce as many as six monaural or stereo tape copies in just six minutes—quantity copies at a rate of sixty an hour. Maintenance is minimal. All-solid-state electronics give cool, long-lived operation—and no tubes to replace. A specially designed torque motor means no clutches to adjust, no belts to replace. MULTITAPE units have proven themselves for more than a decade in leading universities and educational systems throughout the United States and foreign countries. They qualify for purchase under N. D. E. A. Write today for details and specifications on this unique, money-saving equipment.

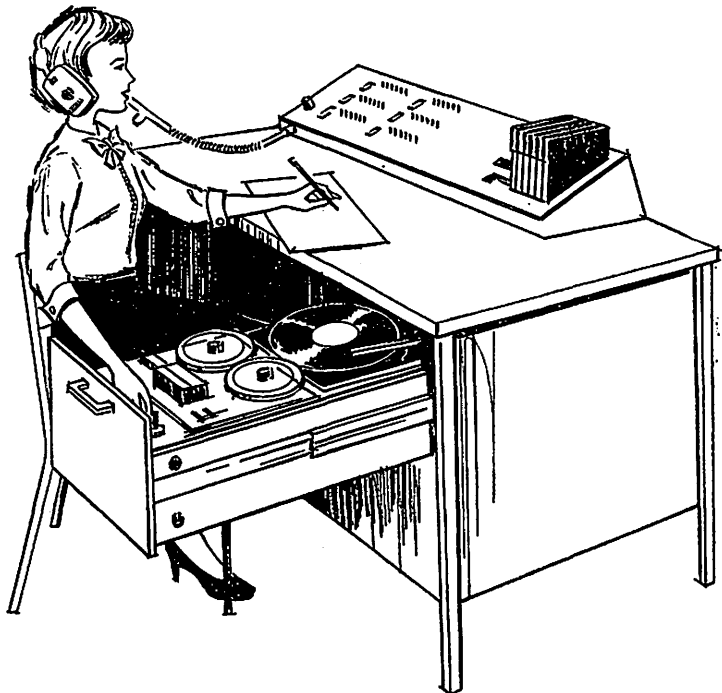

**MANUFACTURED AND SOLD  
EXCLUSIVELY BY**

# SIMPLICITY

## DUKANE MONITOR III LEARNING LAB

This new learning lab is the smartest yet . . . both in appearance and in its surprising **SIMPLICITY OF OPERATION**. All controls are easy to use, and right at the teacher's fingertips. It's guaranteed to help teachers in their profession and to help students learn more effectively.

You can use up to nine programs simultaneously — for as many as 60 students. Reliable solid-state electronics are in the modular printed circuit boards. Convenient tape deck and record player program sources in drawers, make this versatile lab a preferred learning center for teachers and students alike.

The Monitor III Learning Lab is all new, very beautiful, and ultra dependable.
