

## Tape Market

Many lab directors and their schools are faced with the problem of what to do with the master tapes for texts which are no longer used by their school. They can either erase and rebulk the tapes or store them to gather dust. We offer another solution. We will list in the *NALLD Journal* tapes for sale by schools. Only those sold by the publisher to the school and in their original package will be listed. The following should be observed:

1. Use this form: language, title, author, editor, year, number of reels, number of tracks, cost, selling price (we suggest 50% discount), person to contact.
2. NALLD and the *NALLD Journal* accept no responsibility for the transportation between buyer and seller. The quality of the tapes and the method of payment for them should be a matter established between buyer and seller before the transaction is made.
3. The listings in the *Journal* will be determined by the space available. The *NALLD Journal* reserves the right to select listings.
