

NALLD Market

The NALLD Market provides a service for lab directors and schools faced with the problem of disposing of master tapes for texts no longer used and equipment no longer needed. The *NALLD Journal* will list such tapes and equipment for sale by schools. Only tapes sold by the publisher to the school and still in the original package will be listed.

Please note that NALLD and the *NALLD Journal* accept no responsibility for the transportation of items between buyer and seller. The quality of the materials and the method of payment for them should be a matter established between the buyer and seller before the transaction is made.

The listings in the *Journal* will be determined by the space available. The *NALLD Journal* reserves the right to select listings.

Information for tapes offered for sale should be presented in the following form in the order indicated:

Language, title, author, editor, publisher, year, number of reels, number of tracks, recording speed, original cost, selling price (we suggest 50 percent discount), person to contact.
