March 25-27, 1976, at the New York Hilton

**LANGUAGE AND CULTURE:
HERITAGE AND HORIZONS**

Chairman: Philip Arsenault, Montgomery County
(Md.) Public Schools

THE LARGEST PEDAGOGICAL CONFERENCE IN ITS FIELD
ANNUAL ATTENDANCE 3,000

Make sure that you keep a place open on your calendar and in your budget for the 1976 Northeast Conference on the Teaching of Foreign Languages. Join the 3000 teachers who will come to New York to see the latest exhibition of texts, audio-visual equipment and materials, teaching aids, and study programs. There will again be numerous workshops and demonstrations, and of course each registrant receives a free copy of the Northeast Conference Reports.

¿WHAT WILL VISUALS DO FOR YOUR LANGUAGE PROGRAM?

The 340SML Sync-Master is a Level III recorder with Master and Student tracks and a third track for silent cue signals which are programmed to actuate a slide projector. It enables the student to Listen, Respond, Record, Compare and whether in PLAY, RECORD, SKIPAHEAD or SKIPBACK, the slides are always in synchronism with the master track recording. With the 340SML it's Listen, LOOK, Respond, Record, Compare.

**340SML
Sync-Master**

Color slides permit a host of visual cues to emphasize and enhance your language program. Take your existing tapes and add visuals. Nothing special since all pulsing is per the nationally accepted ANSI standard, 1000 Hz advance and 150 Hz pause. When in student record or playback, slides change exactly when you want. Should the student wish to review, he merely depresses the Skipback button and the cassette rewinds at 10 to 15 times normal speed and slides reverse each time a 1000 Hz cue tone is detected. The same applies to Skipahead or Cue. The student may fast forward or skip over a portion of the program and slides are always locked to the master track.
