

A LAB TO FIT YOUR BUDGET

The latest addition to Sony Learning Systems' complete products is the LLC-8A, 40-position Instructor's Control Panel for use in low-cost labs.

This panel joins the other available models (LLC-1000, LLC-7 and LLC-11) to offer an added choice of control console when buying a lab on a limited budget.

Another product of Sony's total-system engineering, the LLC-8A offers their usual reliability and ease of operation. Can be used with a selection of recorders or booth amplifiers.

PENTAGON'S 1100 SERIES

**Cassette or
Open Reel
Duplicating
System**

FAST . . . INEXPENSIVE . . . BUILT TO LAST

After careful evaluation of the capabilities and performance of various tape duplicating systems, over 10,000 users all over the world have selected pentagon equipment.

The "System 1100" provides the user with exceptional versatility and state-of-the-art design for high (16x) speed cassette duplication. Begin with the cassette to cassette module, and add the reel master unit or additional cassette slaves or reel slaves as required. An 11 slave position system will produce up to 4500 (30-minute) cassette or reel copies per day.

Some great features: Lighted push button controls • End-of-tape sensing • Synchronous drive • Die-cast "Stabilign" head mounts • Track select • Automatic rewind on masters • Automatic cue • Accutrack metering • Exclusive patented braking system • Individual channel controls • Designed to protect master tapes.

TML Mark 1A

PERMANENT

The versatile Audio Classroom 200 is capable of all levels of language teaching. The economical, modular design allows easy expansion to accommodate up to ten program sources.

MOBILE

The Mark 1A is a complete Level II language lab system self-contained in a mobile cabinet that is easily wheeled from room to room. A budget-saving alternative to the dedicated classroom.

PORTABLE

The C-150 offers the lowest possible initial investment plus the flexibility to expand into a full, 36-position, Level III system.
