

**An Index to *LATR*, 1/1 (Fall 1967) to 10/2 (Spring 1977)**

BONNIE H. REYNOLDS

The following index was compiled to facilitate access to *LATR* published during the past ten years. The index consists of four major sections:

- I. Articles and Theatre Notes
- II. Book Reviews
- III. Play Synopses
- IV. Cross Reference Indicators

A word of explanation may be useful. Part I includes all major articles as well as theatre notes and reports, both signed and anonymous. Parts II and III are self-explanatory—i.e., alphabetical listings by author of the book reviewed and of the play synopsis. The reviewer in each case is listed in parenthesis. Part IV is a cross index to Part I only, and will hopefully help an interested reader locate information on specific authors and/or topics.
