

An Index to *LATR*, 11/1 (Fall 1977) to 15/2 (Spring 1982)

Catherine Larson

The following index was compiled to facilitate access to *LATR* published during the past five years. I have based the format of this index on the index published in 10/2 (Spring 1977), which was compiled by Bonnie H. Reynolds. I wish to acknowledge her contribution and thank her for providing that format.

The index consists of four major sections:

- I. Articles and Theatre Notes
- II. Book Reviews
- III. Performance Reviews
- IV. Cross Reference

Part I includes major articles, theatre notes, and reports (both signed and anonymous). Parts II and III include alphabetical listings by author/dramatist of the book or the play reviewed. The reviewer is listed in parentheses. Part IV is a cross index to Part I only, and will hopefully help an interested reader locate information on specific authors and/or topics.
