# TABLE OF CONTENTS

**MASC Report No. 121**

**Introduction**
Mabel L. Rice .................................................................................................................... v
Director, Merrill Advanced Studies Center, the University of Kansas

**Executive summary** ........................................................................................................ vii

**Keynote address**
Michael Huerta ............................................................................................................... 1
Associate Director for Program Development and NLM Coordinator of Data Science and Open Science, National Library of Medicine, National Institutes of Health
Realizing the Promise of a Digital Ecosystem for Science and Scholarship

**Panel 1: Researchers**
Lemuel R. Waitman .................................................................................................... 12
University of Kansas Medical Center
From Hospital Informatics Laboratories to National Data Networks: Positioning Academic Medical Centers to Advance Clinical Research

Carolyn Lawrence-Dill ............................................................................................. 27
Iowa State University
Cross-disciplinary activities in Big Data for Agricultural Innovation

Jennifer Clarke............................................................................................................... 30
University of Nebraska
Developing Data Science at UNL: Progress, Challenges, and Opportunities for Research

**Panel 2: Research Administrators**
Joshua Rosenbloom .................................................................................................... 35
Iowa State University
Enhancing and Automating Reporting of R&D Expenditure Data Using Machine Learning Techniques

Amy Jurevic Sokol ..................................................................................................... 47
University of Kansas Medical Center
Clinical Research and Data: HIPAA, the Common Rule, the General Data Protection Regulation, and Data Repositories

Ian Czarnezki ................................................................................................................. 63
Kansas State University
Hitting the Mark – Facilitating Research Administration to Support the Institutional Strategic Plan
Panel 3: Researchers
Margaret Rogers ............................................................................................................ 68
American Speech-Language Hearing Association
  Influencing the Culture of Scholarly and Professional Communities to Advance Clinical
  Research and Accelerate Knowledge Translation

David Eichmann ........................................................................................................... 83
University of Iowa
  Towards a Research Profiling Ecosystem: Weaving Scholarly, Linked Open and Big Data

Panel 4: Researchers
Carl Lejuez ....................................................................................................................... 88
University of Kansas
  Aligning Data Collection with Multi-Dimensional Construct Definitions: The Example of
  Behavioral Tasks for Measuring Risk–taking Behavior

Mike Cannon................................................................................................................... 68
American Speech-Language Hearing Association
  Influencing the Culture of Scholarly and Professional Communities to Advance Clinical
  Research and Accelerate Knowledge Translation

Panel 5: Research Administrator
Surya Mallapragada .................................................................................................... 99
Iowa State University
  Aligning Researcher Practice to Support Public Access to Research Data

Joe Heppert .................................................................................................................... 102
University of Kansas
  If a Tree Fell in a 300 million-year Old Forest, Did it Leave a Data Trail?

Panel 6: Researcher and Administrator Panel
Dan Reed ......................................................................................................................... 108
University of Iowa
  Data, Consent, Privacy and Insight

Steve Goddard .............................................................................................................. 113
University of Nebraska
  Research Planning at Nebraska: Research and Economic Development Growth Initiative
  (REDGI) 2012-2017

LIST OF PARTICIPANTS and CREDENTIALS .............................................................. 119
